

ASPENGROVE SCHOOL GENERAL PERMISSION FORM

Exploring and making use of the facilities in the surrounding school community is an important part of Aspengrove School's program. During the school year, teachers will want to take their classes to many locations within walking distance of the school. For example, classes may walk to the nearby park, beach or local fire station. **This permission form serves for walking excursions into the local community for the 2011-2012 school year.**

Any field trips that necessitate forms of transportation (e.g. car, bus, bicycle etc.) will require separate permission notices which will be sent home by the classroom teacher.

I hereby give permission for my child _____,
to attend walking excursions into the community while under the supervision of his/her teacher.
